## Notice to Customers

Recommended Retail Prices are calculated based upon a Luxury Car Tax (LCT) rate of 33% which applies to new and demonstrator cars valued at over \$57,180. On 18 June 2008 the Federal Government's plan to increase this LCT rate from 25% to 33% with effect from 1 July 2008 was referred to a Senate Committee inquiry. The Senate Committee has until at least 26 August 2008 to report. In a Media Release made on 23 June 2008, the Government indicated that, if passed, the LCT rate increase from 25% to 33% will apply retrospectively from 1 July 2008.

### BMW Tested Bluetooth Mobiles

BMW has tested various Bluetooth mobiles for compatibility / functionality in BMW vehicles. These mobiles, with the relevant software versions loaded, are compatible with the BMW 3 Series Coupé. **For full details please refer to your BMW Dealer or visit [www.bmw.com/bluetooth](http://www.bmw.com/bluetooth).**

BMW snap-in adapters enable charging of the mobile in the car, in-car storage of the mobile and connection to the vehicle's external phone aerial for improved reception. These adapters are available from your BMW Dealer.

Not all Bluetooth-enabled mobile phones are compatible with the Bluetooth interface in BMW vehicles and not all mobile phone functions can be used with the hands-free kit. In addition, changes to the mobile phone software by the phone manufacturer may result in the phones no longer being completely compatible or connectable.
