BMW M EXPERIENCE. BMW M FASCINATION NORDSCHLEIFE.

IT'S THE PASSION THAT DIFFERS THE INSIDERS FROM THE EXPERTS.

Passion lies within every car enthusiast who finds his way to the legendary Nürburgring race track – the so-called “Green Hell”. This year the BMW Driving Experience offers another highlight at the Nürburgring. Encounter the oldest and most demanding race track in Europe, test your driving skills and be part of the legend while experiencing the dynamic nature of the M models. This is where every M car is born and raised. Precision is the key word to master this track. Our experienced BMW instructors will guide you through the “Green Hell” and show you the ideal line. The track will be exclusively reserved for you. Learn everything about the distinct features of renowned corners like the Breidscheid-Bridge that makes the brakes glow due to the developing heat or the Caracciola-Carousel, a 180 degree curve that allows you to feel centrifugal forces. The 73 bends of the “Green Hell” guarantee numerous adrenalin kicks and a lot of fun while driving the Ultimate Driving Machine to your limits.
